2.11. Wider Site Analysis

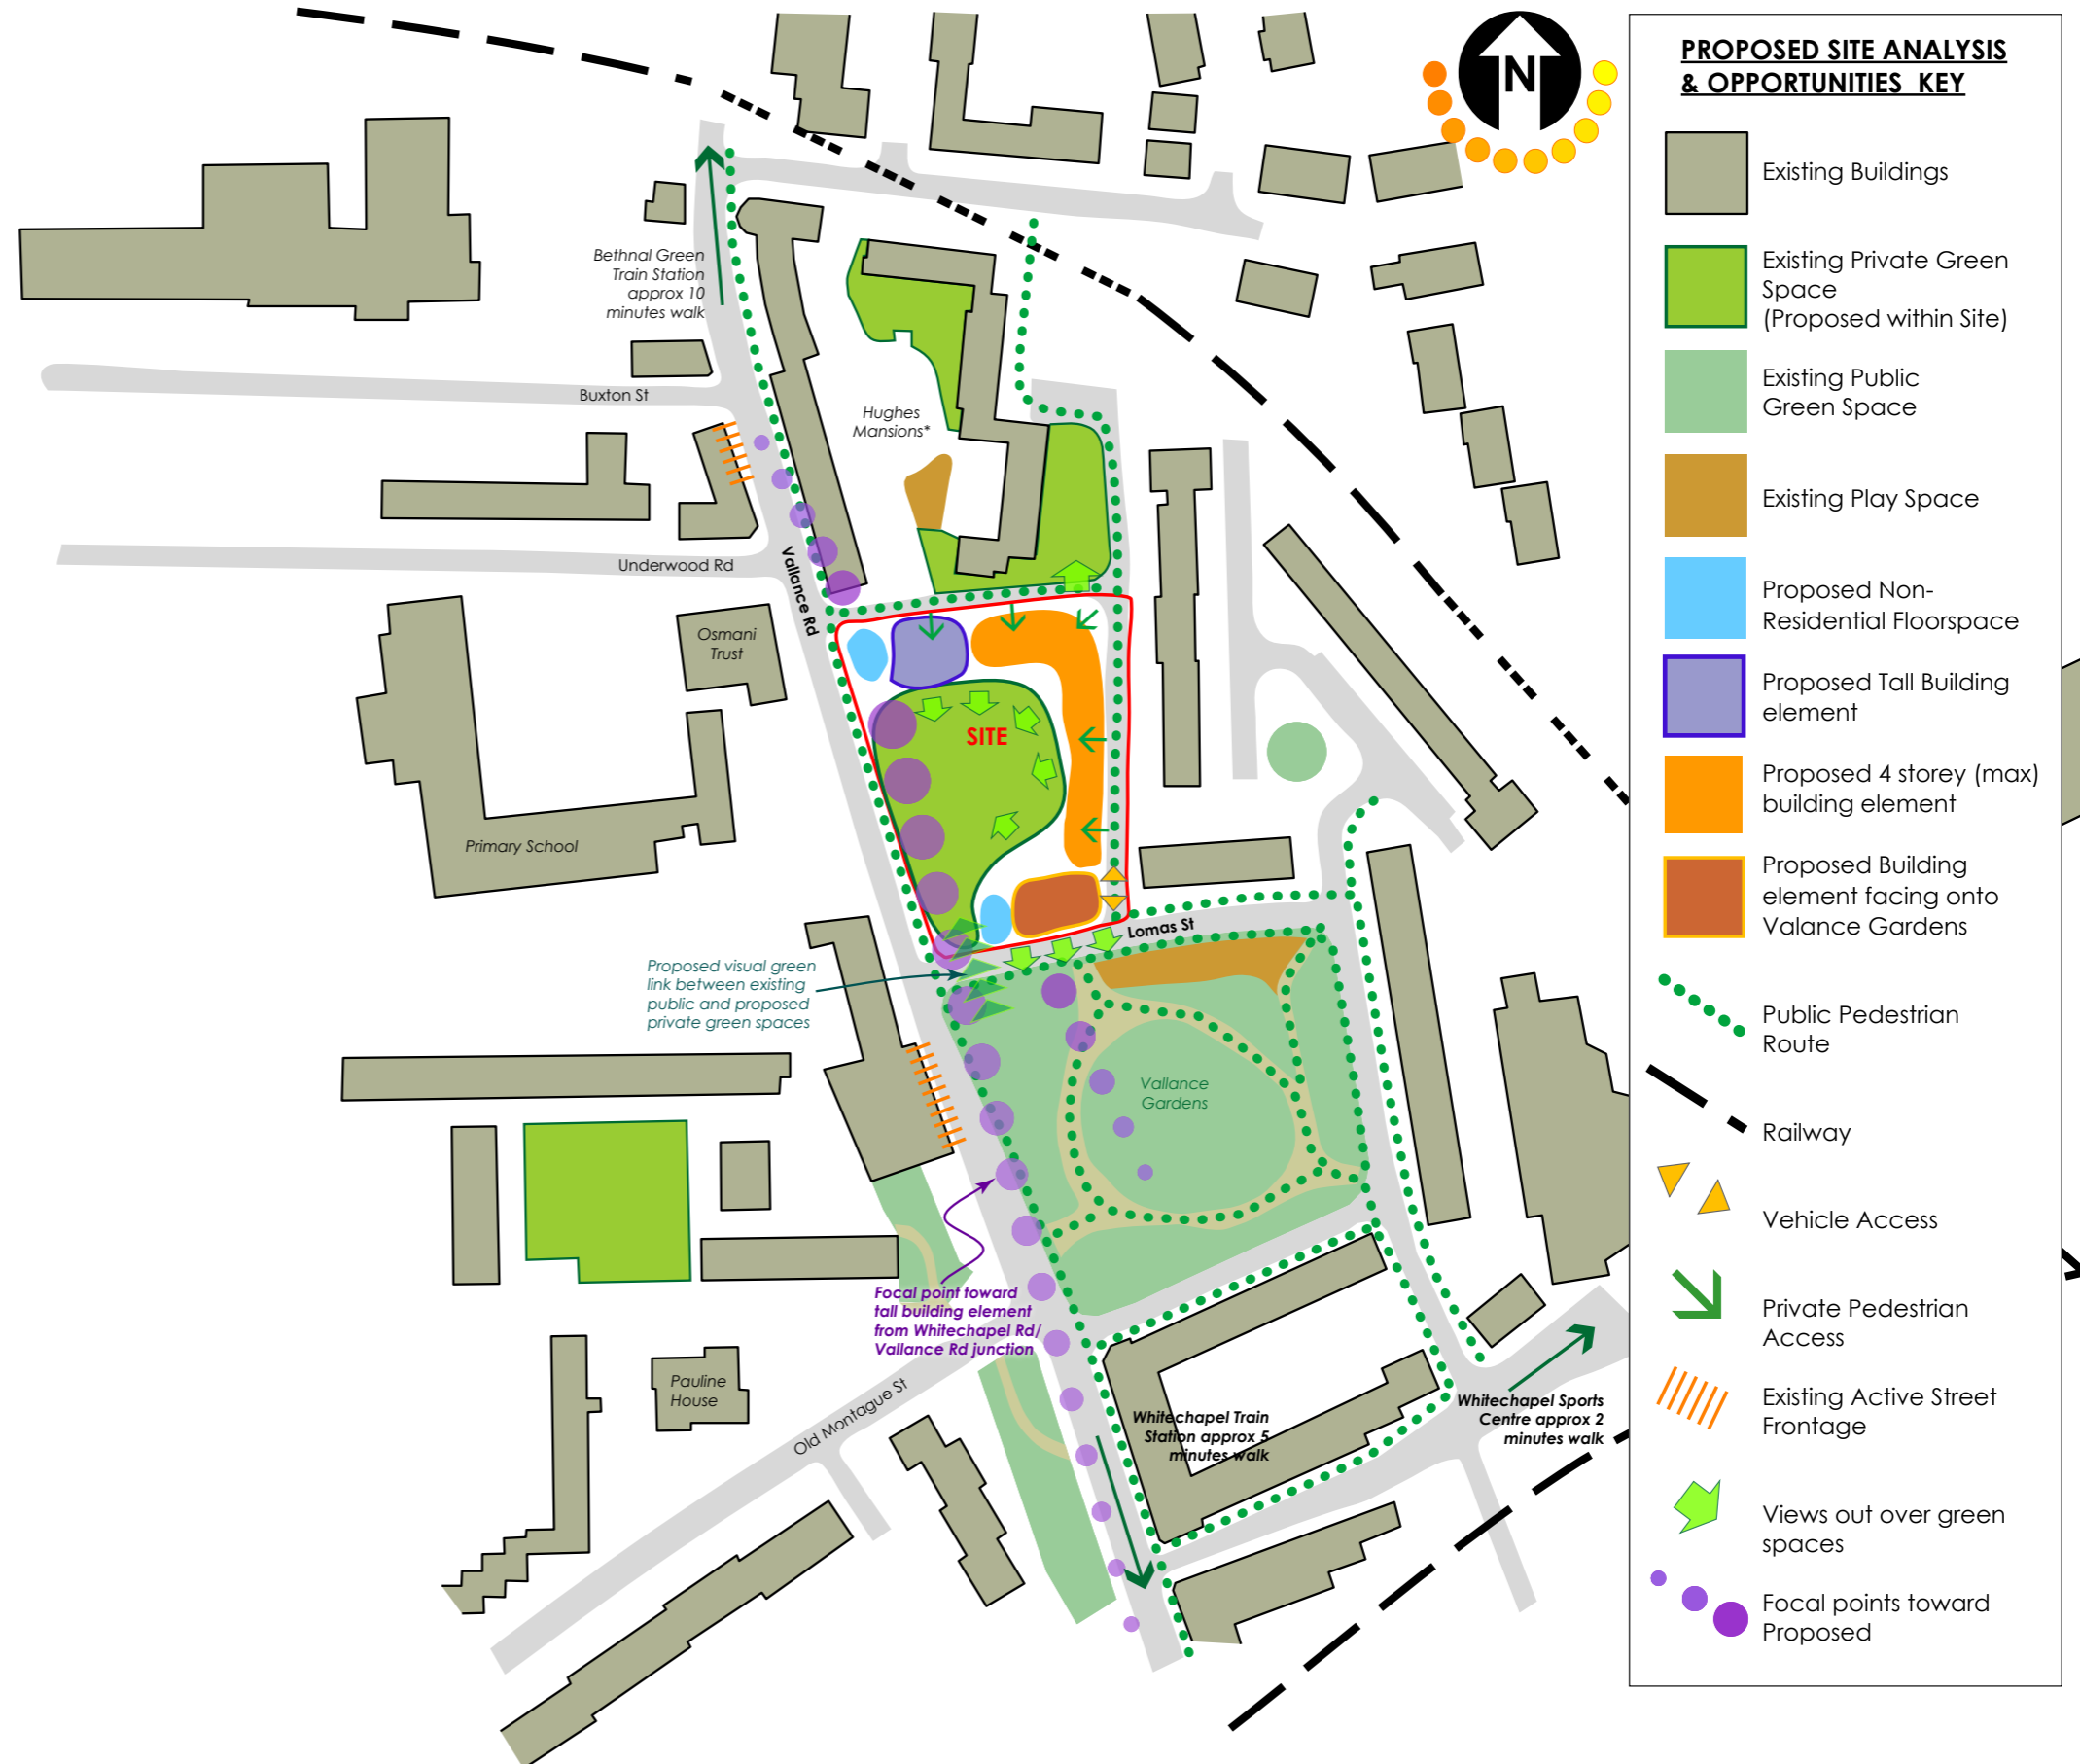

2.12. Site Constraints Analysis

### 2.13. Site Opportunities Analysis

\* **Hughes Mansions** - Some considerations have been made in regards to the future development of the site at Hughes Mansions (Plot B); north of the proposed site herein.

These considerations include; retaining access off Valance Road/north of existing Treves House; Repeating the concept of recreating "streets" by developing 4 storey mews while circumventing a new amenity green area; the existing railway constraint north east of Plot B

### 2.14. Building Heights Plan
