

Parenting and Adult Education Directory

Summer Term April - July 2025

Welcome

The Parenting and Adult Education Team is part of the Early Help & Children and Families Service at Tower Hamlets. We co-ordinate everything from courses to job opportunities for families with children aged from 19 years old (up to 25 years for those with Special Educational Needs and Disabilities).

We help you take those early steps into parenting and education, including:

- resources to boost your understanding and knowledge
- access to education and training
- future job opportunities

Most of our courses at Family Hubs & Children and Family Centres come with free crèche services. That means you can bring your child along and they'll be looked after by our experienced team, while you focus on learning. Just keep in mind that spaces are limited and given on a first-come, first-served basis, and the crèche is available for children aged 6 months to 5 years old.

Have a look at our directory for all the details on what we offer, including course content, schedules, eligibility, and how to sign up. We offer both in-person and online programmes and courses to fit your busy schedule. Our online programmes are perfect for those days when you can't make it to a specific time or place.

If you have any questions, don't hesitate to reach out to the Parenting Adult Education Team. We're here to help you and your family thrive.

If you or your child needs additional support throughout our courses, please contact our team so that we can make a plan together for how we can best support you.

ONLINE

Understanding pregnancy, labour, birth, and your baby

This course is for parents-to-be, grandparents, carers, relatives, and friends - for everyone in the new baby's life. It combines the traditional information given on antenatal courses such as looking after yourself in pregnancy, understanding how your baby grows and preparing for giving birth. It explains how and why you are important to the baby, whether you are the mother, father, partner, grandparent, or birth partner.

For anyone involved in the child's care.

For more information and to sign up for this go to www.inourplace.co.uk/towerhamlets or speak to a member of staff at your local Family Hub or Children and Family Centre.

Supporting you with your child's health

ONLINE

Understanding your child's mental health and wellbeing

This is a short course designed to frame our courses Understanding your child: from toddler to teenager or understanding your child with additional needs. It provides a deeper understanding of mental health for parents who might be concerned about mental wellbeing or just want to learn more about it.

Understanding your child's mental health and wellbeing will help you to tune into how you can help your child or teenager process their emotions effectively and also understand mental health difficulties such as depression, anxiety and self-harm. Your child's mental health and wellbeing is for all parents, grandparents and carers of children aged between six months to 19 years.

The resources are tailored so that whatever their age, you can use the ideas and techniques to help better understand your child, their mental health and how to nurture them.

For parents with children 0-19 years old (25 years with SEND).

How to apply

Do you meet the relevant criteria for your selected programme/course?

YES

Follow instructions below on how to apply for your chosen programme or course.

NO

Contact the team to discuss your individual circumstances and receive further guidance and support.

Complete an online Parenting Adult Education course enquiry form

You can access our enquiry form here https://forms.towerhamlets.gov.uk/service/Parenting_adult_education_enquiry_form or scan the QR code.

Once completed and submitted your information will be sent to the team to process and add to the relevant waiting list.

If you don't have access to the internet on a phone or computer, come to your local Family Hub or Children and Family Centre and speak to someone at reception to book onto the course.

Once you attend in person, a member of the team will take your ID number and support you apply for the relevant programme/course online. If you cannot do this, they will take your details to share with the team. Staff will confirm your personal details to ensure our information is up to date and you can also highlight any support needs. Please don't forget to mention if you will need the use of crèche facilities.

How will I know I have been offered a place?

A member of staff from the Parenting Adult Education Team will contact you one or two weeks before the programme/course assessment or start date to invite you in and confirm your place on the course.

What should I do if I have not received a call or been offered a place?

If you do not receive a call, it may mean that unfortunately you do not have a place on the course this time. Our courses do often have long waiting lists, but we will always keep you on a waiting list until we deliver the course again, and you will be contacted when you have a place. You are welcome to contact our team at any time to discuss your place and to check your status.

What happens if I turn up to a programme/course?

It is your responsibility to ensure that you have a valid passport and visa for your programme/course. Our venues hold a specific number of places for each programme/course via our booking system. If they are overfilled, we will not be able to accept any more people. We are bound by local health and safety regulations. People turning up on the day with no booking will not be accepted.

Waiting list

For all our programmes/courses we have a waiting list. If you are on the waiting list for your preferred date, you will remain on the list until the next date becomes available. In certain cases, places may become available due to cancellations and we will make every effort to contact you to book you in. Please note in cases where we have long waiting lists, we make every effort to arrange more programmes/courses to meet the needs of our families.

Refreshments

Refreshments are not provided as part of our programmes/courses. However, certain venues have their own arrangements. We request families to make their own arrangements in relation to refreshments for themselves and their children (if they are placed in the crèche).

Parking

The venues we use do not have parking facilities. Centres may have resident/pay-and-display on-street parking. Please plan well ahead when travelling to the venues.
